

Product: **Presence Sensor**

Catalogue No: **PS465A**

Description: 1 Channel Indoor Presence Sensor
Ceiling Mounted 360° Detection Angle

Key Features

- Versatile Indoor Unit
- Cost Effective Single Unit
- Designed for Lighting Automation

Description

Cost effective solution when all you need is a 1 Channel ceiling mounted presence sensor. For indoor use only.

Specifications

Input Voltage: 230V 50 Hz

Load: Resistive: 10 Amp

Inductive: 2 Amp

Light Switch-off: 6 seconds to 12 minutes light switch-off delay

Load on time: 5 minute, 10 minute, 15 minute & ∞

Protection Rating: IP40

Detection Range: 6m diameter at a height of 2.4m

Detection Angle: 360°

Lux: 5 ~ ∞ LUX

Operating Temp: -10°C ~ +45°C

Installation: Recessed Ceiling Mounting

Theta

Also Available: In a versatile model with optional slave or remote add-ons.
